An Extension of Your Team

ePayResources is our one stop shop for all our payments education needs! They make it easy to find the answers to our questions. The education that ePayResources provides has been invaluable to our staff.

Kathy Gross, AAP, Accounting Supervisor
FivePoint Credit Union

The customized training session was really helpful. It was designed just for our team, so everything we learned was relevant and easy to apply. The trainer explained things clearly and answered all of our questions.

Cindy Minchew, VP, Deposit Operations Manager
KS Bank, Inc.

The services offered by ePayResources have been invaluable. The structure and depth of the webinar series, paired with the supporting materials, provided a strong foundation to build on and helped make a complex subject much more approachable and engaging.

Jason Mendoza, AAP, NCP, Senior EFT Specialist
Henrico Federal Credit Union

The AAP training program makes a difference. The discussions about real world scenarios allow you to better understand the concepts and apply your knowledge rather than simply reading and memorizing. ePayResources does a fantastic job breaking down the details, offering mnemonics and study tips, and providing guidance on areas of focus and exam topics. I would absolutely recommend the program to anyone studying for the AAP exam.
