I'm an advocate of organized growth, helping you succeed!

I joined ePayAdvisors in 2021, bringing over 20 years of financial services experience that adds specific value to your payments audit or risk assessment:

- I started as a teller, first in a bank and later in a credit union, and have carried that customer service mindset with me throughout my career.
- In 2005, my passion for payments began as I was guided into ACH Operations and Check Processing. Through mentoring, hard work, and dedication, I earned the Accredited ACH Professional certification in 2016.
- This personal development opened opportunities for further growth and I eventually became the ACH department supervisor, where I mentored new payments specialists.
- As part of the ePayAdvisors team, I can share my enthusiasm and thorough understanding of relevant rules and regulations to help you meet the goals of your payments business!

My credentials

- National Check Professional (NCP) - 2022
- Accredited ACH Professional (AAP) - 2016
- Associate in Arts Degree, Vernon College

I am an ACH and check expert with over 20 years of payments systems experience, eager to contribute to your success with integrity, trust, and thorough attention to detail!

Experience the ePayAdvisors difference!
